

Over the past 15 years, Orchid has evolved into a leading, national provider of integrated ancillary and surgical cost containment solutions for the workers' compensation industry. The root of the company's history has centered around providing high-touch customer care while delivering quality products and services that expedite successful outcomes for injured workers and savings for our clients. No matter how much we blossom, we remain committed to the collective goal of helping to ensure injured workers receive the appropriate care and services they need to get back to life and work as quickly and cost-efficiently as possible.
